Every mother and then needs a laxative now and then.

Write me today.

In a growing family the subject of thought with the parents is how to keep the children healthy and happy, and what to do when they become ill. Most illnesses of childhood are the symptoms of constipation, such as headaches, coated tongues, flatulence, dizziness, loss of appetite and sleep, biliousness, etc.

You can surely feel safe in doing what tens of thousands of others do with good results, so give, according to the age of the child, a small quantity of Dr. Caldwell's Syrup Peppin. Eight million bottles were bought last year in drug stores. It is America's favorite family remedy for constipation, indigestion and similar ills, and is especially suitable for children, women and old folks as it is so mild and gentle in action.

There is no secret about Dr. Caldwell's Syrup Peppin. It is a combination of Egyptian Senna and other simple laxative herbs with peppermint and pleasant tasting aromatics. Druggists have sold forty years, and a sixty cent bottle will last for months. Experts feed mothers are never without it in the house.

## FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up again once my suffering was relieved. I have told others about your medicine and know of some who have taken it and claim to help others all I can." Mrs. R. L. Deering, 437 W. Lafayette, Albany, N. Y.

What Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.
